in conjunction with
The Interagency Air and Smoke Council

Smoke Management Training

Diamond Bar, California

This two-day workshop will emphasize the importance of proper Smoke Management and its impact on Dispersion. Specific topics will focus on Meteorology; Laws & Regulations of Prescribed Burns; Fuel Combustion, Consumption; Weather & Smoke Dispersion; Smoke Management Plan Review; Public Notification & Health Effects of Smoke; and Federal Policy on Wildland/Prescribed Fire & Regional Haze. In addition to the course topics, case studies will be presented covering various types of burning and vegetation.

February 2-3, 2005

8:30 AM - 5:00 PM

South Coast Air Quality Management District

21865 E Copley Drive

Diamond Bar, California
